

# Ward 13 - Roads Requests

Request Description	Location	Current Status	Business Unit Lead
Tree located at daycare is blocking sightlines	Canterbury Drive at Elbow Drive	Urban Forestry has investigated the location and worked with the daycare to address sight lines.	Roads
Crosswalks requested and required curb cuts and extra sidewalk on the south side (if possible)	Woodview Drive SW by Park (woodpark way )	Assigned to a technician to come up with signage and road marking plan. Engineering warrants are in progress.	Roads
Investigate painting additional crosswalks at location.	Everglen Crescent at Everidge drive	Awaiting Traffic counts first and running engineering warrant to determine if intersection meets for a crosswalk.	Roads
Explore Road narrowing, tighten up intersection, hash marks for road narrowing. Speed study and engage enforcement.	Everidge Drive SW at Everglen road	Identified as potential location for temporary traffic calming curbs.	Roads
East/West marked crosswalk requested.	Everside Avenue SW at 24th Street	Assigned to a technician to come up with signage and road marking plan. Engineering warrants are in progress.	Roads
Add skip lines along 24th Street to slow down traffic	Bridlewood - 24 St SW	Skip lines are typically not used to slow traffic. Currently, the road is designed for a parking lane and a travel lane. Once the road is painted with a dash line, parking is prohibited and there will be some impacts to some residents. No changes are proposed to location unless further details received.	Roads
Reflective sleeves at crosswalk	Fish Creek Boulevard at Everstone Drive	Assigned to staff for technical review and is underway.	Roads
Addition of E-W crosswalk, NS Ladder crosswalk, Reflective Sleeves.	Millridge Drive SW at Millrise Way SW	Assigned to staff for technical review and is underway.	Roads
Add reflective sleeves in the short term. Also investigate undertaking a Speed Study.	Shawnessy Boulevard at Shawnessy Drive	Assigned to staff for technical review and is underway. TP Data contacted to investigate speed study.	Roads
Install reflective sleeves at earliest possible time. Propose as a potential RRFB in 2017.	Millrise Drive at Millcrest Road SW	Assigned to staff for technical review and is underway. RRFB location forwarded for review.	Roads
Reinstall signage for keep right of median sign (missing)	24th street and woodview drive	Replacement by Traffic Operations in progress.	Roads
Reflective sleeves and upgrade into a ladder crosswalk.	Woodfield drive SW at woodview drive	Assigned to staff for technical review and is underway.	Roads
Existing sightline issues. Look into parking restriction at NW corner - potentially pull playground zone around the corner.	Woodfield Road at Woodfield Drive	Assigned to staff for technical review and is underway.	Roads
Install playground zone	Everside Avenue at Everidge Common	Assigned to a technician to come up with signage and road marking plan. Engineering warrants are in progress.	Roads
Look at crosswalks (confirm if it should be installed). Reposition crosswalk sign.	Canterbury Drive SW at 6th Street	Currently being reassessed by Traffic.	Roads
Installation of reflective sleeves. Look into curb extensions and RRFB.	Woodbine Boulevard at Woodfield Way	Assigned to staff for technical review and is underway. RRFB location forwarded for review.	Roads
General comment that crosswalks and traffic calming needed along the corridor.	Canterbury Drive SW	Forwarded to Transportation Planning for review. Anticipated follow up actions in 2017.	Transportation Planning
Potentially close the right turn channelization.	130th Avenue at Woodfield Road	Forwarded to Transportation Planning for review. Likely recommendation to close channel.	Transportation Planning
Issue with people speeding and running the stop sign. Explore a temporary median.	Woodford Drive SE at Woodglen Rise SW	Temporary traffic calming curbs are being explored for suitability.	Roads
Speeding issue and request to look into speed mitigation measures.	Woodbine Boulevard / Woodfield road at Wood Valley Dr SW	A 4-way is not recommended at this location and Transportation Planning investigating alternative options.	Transportation Planning
Speed study or median at 17th street SW at Woodgrove crescent to prevent speeding. Look at Warrants for intersection. Mostly an issue of speeding during the morning and evenings.	(Woodbine) 7th street SW at Woodgrove crescent	Under review for most suitable options by Transportation Planning/Roads.	Transportation Planning
Need for traffic calming. Idea of virtual narrowing.	Millrise Hill SW South of James McKevit	Under review for most suitable options by Transportation Planning.	Transportation Planning
